Yes

If yes, give a brief description and a list of modules currently operational (maximum 500 words)

The college has subscribed to 'FLAIR', software developed by a company called 'CLAIR VOYANT'. This software integrates all the academic and administrative activities in the college campus. The major activities integrated through this software are biodata of the students, attendance details of students, and issuance of Transfer Certificates and Bonafide Certificates. List of students participating in NCC, NSS, cocurricular activities, extracurricular activities and a dedicated sports database is maintained to keep track of the service oriented, budding talents of the college. The software is used by the office of the Controller of Examinations for the creation of courses, core approval, course assigning to individual programmes, class wise strength, communication address, attendance percentage collection and tracking of examination fees, preparation of semester wise examinations time table, entry of

internal and external marks and entering and retrieving details of the examination results in the required formats such as pass percentage, result analysis, part wise result analysis, consolidated mark statements, results of the students up to a particular semester and the department copy of examinations result. Through Students' Portal applications for regular, arrears, revaluation and supplementary Examinations are made by them. The external mark entry for the respective examinations are made after the valuation of the respective examinations is completed. The students are accessing their portal by a unique username and a password. The accounts management of the system facilitates fee collection and the reports. The campus library is another place where the software is extensively used to keep track of inventory of books, purchases, subject/author wise availability, and issuance and receipt of the books through bar code readers. The networking with biometric system ensures seamless attendance management of teaching and nonteaching staff in the college. Overall, the software acts as a one stop shop for all the activities in the college.

Confidentiality of portals is maintained by providing access to authorised personnel only and the persons authorised are accessing their portal by respective usernames and passwords. The software, with select modules, was subscribed by the college in 2004. In the subsequent years, new and updated versions of the software were incorporated and implemented in phased manners. The latest version was updated in 2017. The software has a number of interfaces for creating records and database of administrative, academic and financial activities. The college has embraced the latest technological facilitates to transform to a more transparent, agile, and fast moving administration. Moving to an efficient computer based information management system has significantly reduced the paperwork processes and the delays caused by the same. Separate accounts for staff members ensure accountability and proper tracking of activities performed in the system. The

college has risen up to international standards of data and information management through the procurement of FLAIR software.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
Feedback is the valuable information, utilized to make important decisions. Effective feedback, both positive and negative is very helpful. Any process which involves many stakeholders needs feedback for its betterment and to fulfill its objectives. The institution has collected feedback from

stakeholders such as students, faculty, parents and alumni. The feedback received enable the stakeholders to offer their suggestions on curriculum, teaching learning process, infrastructure facilities and basic amenities. In the institution the Feedback is collected from College Governing Committee Meetings, Management - Principal Meetings. participants of International / National/State level Seminars, Workshops and other training programmes. Feedback is also collected from the meetings organized by Parent Teachers Association (PTA) and Alumni Association annually. The data obtained in the feedback are processed through Data Analysis Tool in the Spread Sheet Software Method under different headings. Then the results are forwarded to IQAC where the positive and negative aspects of the results are discussed. Based on the discussions, recommendations to improve the performance of the institution are prepared and they are sent to the Curriculum Development Cell (C.D.C), Deans, HoDs and Coordinators of various Clubs. On receipt of the recommendations they are implemented by the respective academic bodies. In the light of the recommendations, syllabi are revised in which introduction of Outcome Based Education (OBE) and enrichment of Choice Based Credit System, value added courses and courses on Employability Skills are the highlights. The students oriented programmes are implemented through mentors who have constant contact and relationship with the students. The recommendations have made various clubs to implement programs covering various social and health issues. As a result of the recommendations of IQAC, many faculties pursue higher academic activities like Ph.D. programmes and Research projects. They also publish books and articles in the UGC approved research journals A good number of Workshops / Seminars/ Conferences are conducted. Field trips are undertaken by the students and the staff members.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The mentoring system existing in the college provides the best for the overall development of the students. In the beginning of every academic year, the students are trained and oriented in such a way that they become a talented and duty bound citizen of the country. To begin with, the students attend a Student Induction Programme on the first day, where they are informed about the importance of Higher Education and the opportunities provided to them in the college etc., They are introduced to CBCS pattern of education, Non-major elective courses, the examination pattern of part V activities etc. The students are also oriented on character building, adolescence behaviour, ethical values, religious tolerance, nation-building etc. The students are taken for a campus visit in the college, so that they come to know about the various infrastructure available in the campus. The parents are also given orientation in one session during the Student Induction Programme, where they are updated about the activities of their children undergo during their course of study. They are also oriented about their roles and responsibility during the time period their children study. Secondly, all the departments have individual mentors for every class. The mentors play an important role in the overall development of their students. Mentors have a close watch on the activities of the students. The academic affairs are discussed with the students to help them to succeed in their study. The slow learners are monitored with special attention through remedial classes. The overall behaviour of the students are monitored and necessary counselling is provided to them whenever needed. Special cases are noted and brought to the knowledge of the Principal for further actions. The mentors enquired about their academic development frequently. If they find any student facing difficulties related to the financial crisis or study material to complete their course may get proper guidelines to rectify the problems from the mentors of their respective classes. Apart from academic mentoring, the students are trained and specialized in their area of interest through part V activities, NCC, NSS, and sports. They are honoured for their achievement at various levels.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website)

Maintenance of Campus, Buildings, Furniture and Equipments Maintenance is undertaken to ensure the functional/usable condition of facilities available in the campus and to servicing, repairing and replacing the equipments, devices and furniture etc. Our college is located in an area known for its pollution free greenish look and salubrious climate. The college Environment Committee is entrusted with the task of keeping the campus greenish, plastic-free and smoke-free. The Committee has drafted guidelines to be followed by the students and the staff when they are inside the college campus. The Environment Committee with the help of the NSS volunteers and salaried full-time gardeners plants trees at the earmarked sites and waters the plants and trees periodically.

Dustbins are placed in the campus and at each floor of the buildings for dumping waste papers, plastic items and garbage. The common facilities such as roads, vehicle parking sheds, water points, dining halls, rest rooms, Student Centre, internet, indoor and outdoor stadiums, gym, generators, pump sets and other facilities are maintained with the funds provided by the Management. White-washing the building is done once in two years and painting is done once in a three- year period. Regular repair of the buildings and furniture is carried out during the summer vacation. The repair which needs immediate attention is done urgently. The class rooms, corridors, staircases, office rooms, department rooms, library and laboratories are swept clean every day. The equipments, instruments, appliances, computers and computer peripherals require a continuous repair and maintenance for uninterrupted academic and administrative activities. Advanced and expensive equipments are maintained by Annual Maintenance Contract (AMC). The less expensive equipments, instruments and apparatus used in science laboratories, computer laboratories and at other places are checked periodically by the technical assistants appointed for looking after such instruments. The software updates and internet related problems are resolved on the advice of the Internet Service Providers (ISP). Spraying pesticides/insecticides is done for keeping the library books and office records from the damage caused by pests and insects. The fire extinguishers are refilled timely and the overhead water tanks are cleaned periodically. The garbage piled in the campus is cleaned once in three days by workers of the local body. Stock taking of furniture, library books, apparatus

and equipments available in the laboratories is also undertaken once in a year. There are 11 buses used for women students. Records such as Registration Certificates, permission to ply in the area specified, fitness certificate issued by the concerned authorities, insurance policy documents and other records of the buses are maintained by one of the office staff. He also maintains the accounts for the expenses incurred for plying the buses and repair, and payment of insurance premium and salary to drivers. The repair of the buses and replacing the damaged spares are done as and when needed. The buses are painted before the expiry date of the Fitness Certificate which is to be obtained annually.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The College has an active and energetic student council with representation through various disciplines. The students council meeting is conducted every year, chaired by the Principal and the Coordinator of Extension activities. New members are nominated in the first meeting of the academic year and the Head of the institution explains the objectives, role and responsibilities of the student council to the members. He also informs the action based on the minutes of the previous meetings. Equality is given to all the members to raise their suggestions/ grievances/ complaints/ representations. Members of the council interact with each other and represent their collective suggestions. On a priority basis, the action is taken to fulfil their suggestions. They also have an adequate representation in academic bodies such as Board of Studies, Academic Council, Library Committee and Readers' Club etc. In Board of Studies and Academic Council, Students suggestions on Curriculum, Evaluation Process, minor/major changes in the course content are discussed and due considerations are given. In the library committee, students' suggestions on the purchase of new books/magazines/journals are taken into an account. Readers' club is active and organizes Book Reviews, Competitions and Book Exhibitions on the campus. Readers' club, IQAC, Grievance redressal cell, Deeniyath, Fine Arts, NSS, Youth Welfare and other co-curricular clubs' innovative activities provide a platform for the students to think over it. These clubs are involved in learning and promoting the quality of lateral thinking. Students are given responsibilities as president and secretary nominated by the representatives to inculcate leadership qualities based on their merits, in administrative bodies like Department Associations, placement Coordination Committee, Organizing Committees of Seminars, Conferences and workshops. They are monitored and trained by the faculty of the respective departments. Our college is committed to having safety, violence-free, gender discrimination-free campus and is keen on avoiding exploitation, harassment and intimidation of any kind. As per the guidelines of UGC, Anti-ragging committee and Internal Complaints Committee are formed with students from various disciplines. These committees meet periodically and send reports to the Joint Director office /University. The Sports committee comprises of student members, and recommends the purchase of sports articles and preparation of layout for intramural tournaments, and conducts zonal level and college level competitions. Students are also a part of various committees in the college. Periodical meetings of these committees help for the smooth functioning of the college. All these qualities help them to learn leadership quality from different categories.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The Alumni Association was started in 2002. The Alumni of the college have distinguished themselves in all walks of life. The administration of Association rests with an Executive Committee consists of a President, a Vice-President, a General Secretary, a Joint-Secretary, a Treasurer and five Executive Members. The purpose of the Alumni Association is to foster a spirit

of loyalty, to promote the general welfare and to strengthen the ties between Alumni, the Community and the institution. The Alumni have a great affinity for their alma mater. A large number of Alumni have been Serving as efficient doctors, eminent educationists, legal luminaries and engineers. A few are on the editorial boards of famous Tamil Magazines. Some are busy film directors and TV personnel. In fact, some of our old students are reputed IAS and IPS Officers. The list is very long. Some Alumni shine in the Political arena holding eminent positions even to the level of Chief Ministership. It would not be out of context here to state the fact one of our notable Alumni, Mr. Krishnan Sudanthiran, chairman, the best medic in the USA has donated 1.75 Lakh Rupees to install purified drinking water plant on the campus for the use of the staff and the students. It is his willful desire and promises to donate 1 lakh rupee every year for the next fifty years to be utilized for the development of his alma mater. With the active support of our students and the Alumni Association, we hope to develop our college as an illustrious institution. Every year the Departments Conduct Alumni Meet separately on the same day. Hundreds of Alumni Attend the Alumni Meet. They share their reminiscence, ideas and opinions regarding the development of the college. Many Alumni have contributed schemes for the welfare of current-day students. The Alumni Association Conducts Seminars, Conferences, Workshops, Endowment lectures and other Academic activities and also keep in touch with the college faculty, non-teaching staffs and students. The association has created Alumni endowment for granting scholarships, prizes and medals to the students showing high proficiency in their studies.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

1) internal complaint committee (ICC): In pursuance of UGC Regulations, 2015 read with sexual harassment of women at workplace (prevention, prohibition and redressal) Act, 2013, An internal complaint committee (ICC) was constituted in our college to deal with the complaints relating to sexual harassment at work place. Dr. S. Hasan Banu Associate Professor of Commerce is the Presiding Officer in the committee. There is five female staff members of different department are in the committee as members. The committee also includes three girl students as members. Ms. Jansi Rathesh Advocate is the legal representative in the internal complaint committee (ICC). 2) Bayt ul-mal : Bayt ul-mal is an Arabic term that is translated as House of money or House of Wealth. In Islam the word refers to the money collected from the wealthy muslims and deposited in the treasury. The money is spent for the welfare of the people. Taking this concept in to account, to help the needy muslim students to meet their academic financial requirements, a financial aid fund in the name of Baithulmal committee was setup in the year 2011. The contribution to this scheme comes from the college teachers and well-wishers in the society. This scheme is managed by a committee headed by a co-ordinator who is assisted by the members of the committee. Hajee Dr. H. Mohamed Meeran, Principal is the

chairperson of the committee. Hajee Mr. S. Sirajudeen, Head Associate Professor of Computer Science, is the coordinator of the committee. In addition, three more staff members present in the committee as members.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	<p>The Syllabi introduced under Autonomous pattern in 2013-14, then in 2014-15 with modifications, additions and deletions were revised in 2017-18 and were approved by the Academic Council. Core, Electives, Non-Major Electives, Employability Skill Based Subjects, Value Education and Environmental Studies have been included in the syllabi at the UG level. Twenty-four Value Added Courses were started. Apart from the syllabus, students were taken to visit industries and also motivating them to enrolling in online courses NPTEL, etc., Feedback on curricula is regularly taken and improvements are incorporated in due course.</p>
Teaching and Learning	<p>Teachers are encouraged to introduce novel teaching methods such as ICT enabled, participatory learning and interactive learning by motivating students to submit their e-assignments and seminars. The college also has an open source LMS platform to strengthen the teaching learning process. The entire campus is wi-fi enabled to promote the habit of self-learning among the students. SWAYAM - NPTEL chapter has been setup in our college. The prepared syllabi are revised once in three years. Modifications, if necessary, are made in the subsequent external Board of Studies meetings. Choice Based Credit System is also continued under the Autonomous pattern.</p>
Examination and Evaluation	<p>The College is an Autonomous institution. Therefore, the Controller of Examinations receives the question papers for the term-end examinations set by the subject experts from various colleges. It is followed by the preparation and publications of a comprehensive time table. The examinations are conducted as per the Examination Time Table set by the</p>

Controller of Examinations. Thereafter, examiners from various colleges are invited and central valuation is conducted. The results are published in the College website after getting the approval of the Awards Committee constituted by the Madurai Kamaraj University to which the College is affiliated. The results of the semester examinations were published within thirty days from the last date of examination. To make the system transparent and for the benefit of the students provisions like supply of photocopies of answer scripts and Revaluations of answer scripts are done. Hall tickets to write Continuous Internal Assessment were issued to the students through online mode.

Research and Development

The Research committee constituted by the Principal consists of the staff those who are with Ph.D. qualifications. Senior staff is the Head of the Committee. The Committee coordinates the research oriented activities and taps the grants available under State and Central Government Aids. It also encourages the budding researchers both staff and students to tap such funds available from UGC / State Government / Central Government and materialize the same by doing Minor / Major Projects. The College invites eminent Researchers and Subject Experts from Academic and Industry as Resource Persons for National and International seminars/conferences and workshops organized by various departments. The faculty members and students have healthy interactions and discussions with these Resource Persons. The knowledge received from these deliberations is utilized by the stakeholders in their research work. The College Management encourages the faculty members with incentives for publishing their research findings in refereed journals and for presenting research papers in conferences and seminars. The College Management have applied for Research Centres for Physics, History and English.

Library, ICT and Physical Infrastructure / Instrumentation

The College provides latest technologies and facilities for the benefit of the faculty members in order to enhance their effectiveness in

teaching-learning process. ICT tools are used for effective class room teaching. E-Journals are subscribed through DELNET. Toilets are renovated. Toilets for differently abled have been constructed. Ramps at the entrance of all the building have been provided. Dining hall for men students has been renovated. Separate Vehicle Parking areas for the staff and student have been provided. Banisters are provided in all the staircases for the safe movements of differently abled students. Wheel Chairs were procured for the benefits of physically challenged students. A separate two-wheeler parking area has been provided for physically challenged students. . A Day Care Centre has been provided in the campus to create a stress-free environment for women faculty. College canteen have been extended and renovated. Hi Tech fitness centre (Gymnasium) has been established to promote the physical fitness and create awareness about healthy life style to the students and teachers. Fire extinguishers have been installed in suitable places. An electric transformer was installed in the college campus. Two more buses are purchased for the transport of girl student .One more computer lab was built for the non-computer science students

Human Resource Management

Qualified faculty members are recruited, as and when vacancy arises, to satisfy academic commitment and to provide continuous quality education. The teachers are encouraged to participate and present papers in seminars, conferences and workshops in order to update their knowledge and get exposed to new technologies and developments in their respective areas of study. National and International level Conferences and Seminars are conducted to develop organizational capabilities and leadership qualities of faculty members and students. The students are motivated to participate/conduct in inter-collegiate technical and non-technical symposia and other competitions to strengthen their leadership traits, and organizational skills.

Industry Interaction / Collaboration

Experts from industry are invited to

	<p>motivate the students. Successful entrepreneurs are invited for creating awareness among students on the value of self-employment. The departments organize industrial visits to the industries to inculcate onsite work culture.</p>
Admission of Students	<p>An Admission Committee headed by the Principal along with two senior staff work on the admission procedure. The admission committee meets and finalises the norms to be fixed for making admission, taking into account the guidelines set by the Government of Tamil Nadu and Madurai Kamaraj University.</p>

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

- Use and Throw pen free campus.
- Paperless Communication - Digital Display Board - For notifying programs to the students instead of flex prints.
- Usage of steel tumblers and plates in the College canteen.
- Electricity Saving Day - The entire College works without electricity for few hours in a specific day as an attempt to save and conserve electricity.
- Vehicle Free Day - Faculties and Students are asked to come to College either by public transport or walk every year on 6th August which is observed as College Founders day.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice I Title of the Practice: Bicycle - A Green Transport. A bicycle is something that can be owned and is perfect for campus life. Cycling is a physical activity that requires energy from body movements. It can help to improve a person's intelligence to think and help him in his daily activities with more energy. In addition, cycling can reduce a person disease risks like heart disease and high blood pressure. This is because cycling makes blood circulation flow smoothly, and thus the heart will receive enough oxygen. A student who cycles can release his tension, and thus reduce the encountered problem. Our institution promotes cycling inside the college campus to shape a healthy lifestyle, both physically and mentally. Cycling is a wonderful workout that keeps the person active. The use of motorized mode of transportation in campus will expose more to pollution dangers, such as carbon monoxide which leads to environmental pollution. Objectives: • To prevent air pollution and

noise pollution. • To reduce traffic congestion in campus and to prevent the demand for costly automobile parking. • To lighten the feelings of stress, depression or anxiety due to sitting for extended periods. • To adopt policies in minimizing the use of automobiles. Green transport is often practiced as an active transport system which encourages students to walk or cycle in the campus. The College has made arrangements for the parking of the vehicles of the students and staff near the entrance. With this active transport practice, the use of private vehicles on campus is reduced and thus can be a strategy to reduce traffic congestion and pollution in campus. Cycling is a suitable transportation which can be practiced by those who stay in close distance. As a matter of interest, cycling does not create pollution nor wasted resources. Cycling has developed infrastructure such as cycling paths and increased the number of bicycle users. Cycling provides health benefits, reduces pollution and alleviates traffic problems among the students. Best Practice II Title of the Practice: Students Induction Programme (SIP). Objectives: • To provide scope and confidence to newly inducted students on Higher Education. • To brief the newly admitted students on the opportunities available in the institution to improve their career. • To make the fresh students familiar with infrastructure available in the institution. • To introduce Administrative Heads, HOD's and Department staff to the students and their parents. • To make the students familiar with the Rules and Regulations of the College. Context: Hajee Karutha Rowther Howdia College has been conducting Students Induction Programme (SIP) in the beginning of every academic year since 2019. Each induction programme is conducted for four days. Practice: The Student Induction Programme begins on the reopening day of the College to the first year UG students. The students and parents are informed about the dates, venue and programme schedule well in advance. On their arrival in the college campus, they are directed to go to the venue by the designated volunteers. As per the fixed schedule the programme starts with the arrival of the Student's Induction Programme committee consisted of the Principal, SIP Co-ordinator, IQAC and NAAC Co-ordinators, HOD's, Club Co-ordinators and Office Superintendent. After the programme formalities are over, the committee members introduce themselves to the students and parents assembled in the venue and speak about their positions and functions in the administration towards running the institution smoothly. Followed by the introductory session, the orientation programme consists of few sessions are conducted. The orientation programme includes interaction between the Academic Deans, Controller of Examinations, IQAC Coordinators, HOD's, NCC, NSS officers, Club Coordinators, Director of Physical Education, Hostel Warden on the onside and students on the other side and introduction of Department Staff to the parents. After the Orientation programme, campus tour is organized in which the students accompanied by the respective HOD's are taken to all the areas of the campus. Such practice makes the students to acquaint with the various facilities available in the College and to get themselves attached to the higher educational environment. Evidence of Success: "First impression is the best impression". Accordingly, the Students Induction Programme has given the hope to the students that they have been admitted in the best institution to shape their career. Parents are made to know the Academic potential of the faculties employed in the institution. A healthy relationship begins between the staff and the students on the onside and the staff and the parents on the other side. The students after the programme becomes confident in their required academic and administrative works.

thrust in not more than 500 words

S. Mohamed Meera Rowther @ Hajee Karutha Rowther, was a Patriot, Philanthropist of the Cumbum valley after whom the College is named and stated that education was the key to social and economic progress of the masses. True to this visionary statement, this 64-year-old towering institution has claimed the reputation of the first rural college ever established in the erstwhile Madurai district. The Hajee Karutha Rowther Howdia College campus is spread over an area of over 25 Acres which includes 24365.94 Square Metres of built-up area 19 acres of open space for garden and sports activities. The campus is maintained green and clean with more than 300 tree saplings. The green campus of Hajee Karutha Rowther Howdia College provides a peaceful atmosphere and complements the academic and extracurricular activities of the students to the full potential. The teaching- learning process is facilitated in 77 class rooms and 5 seminar halls with LCD projector facility, three state -of-the-art computer laboratories and one English Language Lab with high-speed Internet connectivity, an auditorium, an indoor stadium, an outdoor gallery, modernised gymnasium and a fully automated library. Apart from NSS, NCC, YRC and Sports, there are 16 different clubs and association that help the students to showcase their talents. The College is actively involved in extension activities and a wide variety of events is organised throughout the year for the same. The following initiatives are taken to make the College as a Green campus: • A well-maintained herbal garden of medicinal plants having indigenous herbs is an asset to the college. The Botanical garden of the college is repository of diverse groups of species under the plant kingdom. A database of the flora in the campus is made and the botanical names are displayed. • The Saturday of every month is observed as "No Own Vehicle" day to exhort the need for pollution control and the promotion of public transport system. • LED bulbs are installed in all blocks to minimise the consumption of power. • The campus uses Flair Educational Resource Management System for student admission, attendance, internal assessment and examination. Submission of Assignments and Projects through online classroom like LMS and Google classroom. • Digital Library: The Library is completely automated.
