

1.2.1 Percentage of new courses introduced of the total number of courses across all programmes offered during the last five years

Name of the Course	Course Code	Activities/Content with direct bearing on Employability/ Entrepreneurship/ Skill development	Year of introduction (during the last five years)
English Speaking Skills II	14UENN21	Skill Development: Activities related to communication skills development are organized	2015-16
Word Power	14UENS31	Skill Development: Classroom based vocabulary skills and Word power activities are organized	2015-16
Drama II	14UENC51	Skill Development: Classroom based group discussion activities for analyzing the dramatic techniques	2015-16
Translation Theory and Practice	14UENC63	Employability: Classroom activities involving translating simple vernacular literary texts	2015-16
Introduction to Modern Literary Theories	14UENC64	Skill Development: Classroom based group discussion activities for discussing the literary approaches and theories	2015-16
Translation Studies	14PENE11	Employability: Classroom activities involving translating simple vernacular literary texts	2015-16
English for Effective Communication	14PENN31	Skill Development: Classroom based activities are conducted for building speaking and listening skills	2015-16
Elizabethan Age	17UENC11	Skill development: Objective knowledge in the history of English Literature	2017-18
Puritan Age	17UENC12	Skill development: NET/SET Examinations	2017-18
Restoration Age	17UENC21	Skill development: Objective knowledge in the history of English Literature	2017-18
Neo-Classical Age	17UENC22	Skill development: NET/SET Examinations	2017-18
Romantic Age	17UENC23	Skill development: Objective knowledge in the history of English Literature	2017-18
Victorian Age	17UENC32	Skill development: Objective knowledge in the history of English Literature	2017-18
Early Modern Age	17UENC33	Skill development: NET/SET Examinations	2017-18

English for Competitive Examinations	17UENC64	Employability: Class tests are conducted to evaluate the students' level in clearing competitive examinations	2017-18
Functional English	17PENN31	Skill development: Class room activities related to speaking and writing are organized	2017-18
Human Rights	14UHIS41	Skill development: To establish NGOs and raise voice against human rights violations	2015-16
Freedom Struggle in India A.D 1800-1947	14PHIN31	Employability: Preparing for Competitive Examinations	2015-16
Freedom Struggle in India 1800-1905 A.D	14PHIC13	Employability: Preparing for Competitive Examinations	2015-16
History of the USA 1865-1945 A.D	17UHIC23	Employability: Preparing for Competitive Examinations	2017-18
History of India 1885-1947 A.D	17UHIC41	Employability: Preparing for Competitive Examinations	2017-18
Constitutional History of England upto 1603 A.D	17UHIE51	Employability: Preparing for Competitive Examinations	2017-18
Eco-Tourism	17UHVE51	Activity: Visiting Eco-Tourism Destinations	2017-18
Public Administration	17UHIC55	Employability: Preparing for competitive examinations and become Government employees	2017-18
Fundamentals of Computer and Microsoft Office	17UHIC54	Skill development: Developing skills in MS Office	2017-18
Constitutional History of India 1773-1950 A.D	17UHIC62	Employability: Preparing for competitive examinations.	2017-18
Freedom Struggle in India 1800- 1947	17PHIC13	Employability : Apply data mining techniques to solve problems in other disciplines in a mathematical way.	2017-18
General Studies for Competitive Examinations	17PHIC23	Employability: Reach a common goal to solve a single task.	2017-18
International Relations 1914- 2005 AD	17PHIC32	Employability: Preparing for Competitive Examinations	2017-18
National Heritage of India	17PHIC42	Employability: Preparing for Competitive Examinations	2017-18
Economics for Competitive Examination	14UECS61	Skill development: to appear in various kinds of competitive Examinations like TNPSC, UPSC and other banking exams	2015-16
Banking	14UECC42	Skill development: To help learn various Banking activities	2015-16

Agricultural Economics	14UECC62	Entrepreneurship: Helps to learn Agricultural practices and Marketing	2015-16
Entrepreneuership Development	14UECS31	Entrepreneurship: To do own business	2015-16
Personality Development	14UECS63	Skill development: Helps to improve one's individuality and personality	2015-16
Computer Application in Business	14PECC34	Employability: Helps to gain more knowledge on computer and its application	2015-16
Economics for SET/NET	14PECE41	Skill development: Helps to obtain jobs like Assistant Professor Position	2015-16
Labour Economics	17UECC64	Employability: To be a Human Resource Manager in industries	2017-18
Managerial Economics	17UECC65	Skill development: To work as Manager in an industry	2017-18
Internet with Practical	14UMAS61	Skill development: To create awareness about communication technologies IOT (Internet of Things)and acquire knowledge of designing website	2015-16
Differential Equation	14PMAC13	Employability: Problem Solving skills using derivatives	2015-16
Advanced functional analysis	14PMAE41	Skill Development: Preparing students to crash SET/NET examinations.	2015-16
Office Automation	17UMAS21	Skill development: Through office packages working on computer made easier.	2017-18
Mathematics for Competitive Examinations	17UMAS61	Skill development: Provides mathematical aptitude techniques in solving profit and loss, simple and compound interest problems which help to succeed in competitive examinations.	2017-18
Astro Physics - I	14UPHS12	Skill development : Developing skill related to analytical and critical thinking skills	2015-16
Astro Physics - II	14UPHS22	Skill development: Developing skill related to analytical and critical thinking skills	2015-16
Modern Physics	14UPHC51	Skill development: Skill related to analytical and critical thinking skills	2015-16
Electronics - I	14UPHC53	Skill development: Developing skill related to design /Trouble shoot/Analyze electronic system.	2015-16

Applied Physics - I	14UPHS51	Skill development/Entrepreneurship: Enhance skills related to Optical network	2015-16
Theoretical Physics	14UPHC61	Skill development: Problem solving ability in physics and exposure to basic concepts of Quantum Mechanics	2015-16
Solid State Physics	14UPHC62	Employability-Provide junior assistant position in the area of Experimental Physics and material science physics.	2015-16
Electronics - II	14UPHC63	Skill development: Developing skill related to design /Trouble shoot/Analyze electronic system.	2015-16
Applied Physics - II	14UPHS61	Employability /skill development: Developing skills/provide job opportunities in various Bio labs.	2015-16
Mechanics and Relativity	17UPHC11	Skill development: Problem solving ability in physics and Exposer to basic concepts of Quantum Mechanics	2017-18
Properties of Matters and Sound	17UPHS11	Employability/Skill development: Developing skill /Provide job opportunities in the various Bio labs.	2017-18
Heat and Thermodynamics	17UPHS21	Employability-Provide junior assistant position in the area of Experimental Physics and material science physics.	2017-18
Basic Physics II	17UPHN21	Skill development: Developing skills related to Design/troubleshoot/Analyze electronic System.	2017-18
Optics and Lasers	17UPHC41	Employability: Provide employability as fibre optical technician.	2017-18
Nuclear and Particle Physics	17UPHC52	Employability: Provide employability as fibre optical technician.	2017-18
Condensed Matter Physics	17UPHC62	Employability: Provide junior assistant position in the area of Experimental Physics and Material Science Physics.	2017-18
Atomic and Quantum Mechanics	17UPHC51	Skill development: Problem solving ability in physics and exposure to basic concepts of Quantum Mechanics	2017-18
Applied Electronics	17PPHC13	Skill development:Developing skills to analyze various semi conductor devices	2017-18
Classical Mechanics	17PPHC12	Skill development :Problem solving ability in Physics and exposure to basic concepts of classical dynamics	2017-18
Nuclear and Particle Physics	17PPHC42	Employability: Provides junior assistant position in various reactors and observatories.	2017-18

Solid State Physics - I	17PPHC31	Employability- Provides junior assistant position in the area of material science physics	2017-18
Solid State Physics - II	17PPHC41	Employability- Provides junior assistant position in the area of material science physics	2017-18
Molecular Spectroscopy	17PPHE42	Skill development: Structural information of molecules and nano particles	2017-18
Quantitative Aptitude and Reasoning	18PPHE21	Skill development: Enhances skills related to various competitive exams	2018-19
Medical Physics and Opto Electronics	18PPHN31	Employability: Provides job opportunities in various Bio labs	2018-19
Electronics, Design and Instrumentation	18PPHC12	Skill development: Developing skills related to design digital electronic systems	2018-19
Classical Dynamics	18PPHC11	Skill development :Problem solving ability in Physics and exposure to basic concepts of classical dynamics	2018-19
Cosmophysics	18PPHN31	Employability: Provides junior assistant position in various reactors and observatories.	2018-19
Nuclear, Particle and Astrophysics	18PPHC13	Employability: Provides junior assistant position in various reactors and observatories.	2018-19
Condensed Matter Physics - I	18PPHC32	Employability- Provides junior assistant position in the area of material science physics	2018-19
Condensed Matter Physics - II	18PPHC42	Employability- Provides junior assistant position in the area of material science physics	2018-19
Spectroscopy and Nanotechnology	18PPHE41	Skill development: Structural information of molecules and nano particles	2018-19
Crystal Growth and Thin Film Techniques	18PPHE11	Employability: Provides job opportunities as junior assistant in various research labs	2018-19
General Chemistry I	14UCHC11	Skill development: To learn the concepts such as stoichiometry, thermodynamics & prediction of reaction products.	2015-16
Perfume Chemistry & Sugar Technology	14UCHS11	Employability: To provide employments in cosmetic, Perfume companies & Sugar Industries.	2015-16

Fundamentals in Chemistry I	14UCHS12	Skill development: Impacts basic concepts of organic & Inorganic chemistry and some mathematical concepts.	2015-16
General Chemistry II	14UCHC21	Skill development: To learn matter and it's transformations & periodic properties of elements.	2015-16
Leather Technology & Paper and Pulp Technology	14UCHS21	Employability: Provide employments in Leather industries & paper manufacturing industries	2015-16
Fundamentals in Chemistry II	14UCHS22	Skill development: Imparts knowledge on volumetric analysis & Colloids.	2015-16
Organic Chemistry I	17UCHC51	Skill development: Imparts knowledge on the chemistry of aromatic hydrocarbons, halogens, nitro, amino compounds and concepts and applications of stereoisomerism.	2015-16
Physical Chemistry and Computers in Chemistry	17UCHC52	Skill development: Develop theoretical skills on the concepts of phase rule, order of reactions and thermodynamics. Develops the skill to utilize chemistry related application software available in websites.	2015-16
Organic and Pharmaceutical Chemistry	17UCHS51	Skill development: Imparts knowledge on the chemistry of aromatic hydrocarbons, halogens, nitro, amino compounds and concepts and applications of stereoisomerism.	2017-18
Organic and Analytical Chemistry	17UCHC61	Skill development: Develop theoretical skills on the concepts of phase rule, order of reactions and thermodynamics. Develops the skill to utilize chemistry related application software available in websites.	2017-18
Physical Chemistry II	17UCHC62	Skill development: Develops knowledge on basic concepts and application of electro chemistry, ionic equilibrium, group theory and molecular spectroscopy.	2017-18
Quantum, Nano and Macromolecular Chemistry	17PCHE31	Skill development: Helps to solve many future problems including sustainable energy and leading to new discoveries.	2017-18
Advances in Chemistry	17MCHE11	Skill development: Develop the skills for interpretation of chemical compounds structure using spectroscopy	2017-18
Fisheries Biology	14UZYS11	Employability: To attain knowledge and skill on commercial Fisheries.	2015-16

Poultry Science	14UZYS51	Skill development: Attain basic skills to work in an animal farm Acquaint working principle of various aspects to fowl rearing	2015-16
Ornamental Fish Culture	14UZYN21	Entrepreneurship: Attain knowledge and skill on various types of ornamental fish identification and its learning	2015-16
Economic Zoology	14UZYN11	Entrepreneurship: Acquire basic skills for establishing bee farm, sericulture unit, aquaculture and poultry.	2015-16
Economic Entomology & Sericulture Technology	14UZYS61	Employability: Acquire knowledge on various kinds of economically important insects and pest varieties .Attain basic skills to work in sericulture industry.	2015-16
Cell And Molecular Biology	17UZYC31	Skill development: Students will acquire the skill on analyzing different types of cell, cell organelles and chromosome	2017-18
Commercial Zoology	17UZYN11	Employability: Acquire basic skills for establishing bee farm, Sericulture unit, Aquaculture and poultry	2017-18
Microbiology and Pathology, Anatomy, Plant Breeding, Genetics and Evolution	17UBYA21	Skill development: Students will acquire the skill on differentiating cell types and its functions, also various plant breeding techniques along with genetic problem analysis.	2017-18
Taxonomy of Angiosperms, Embryology, Horticulture, Medicinal Plants and Economic Botany	17UBYA31	Skill development: Develops the basic skill on morphological characters of plants, horticulture applications, medicinal and economic value of plants	2017-18
Algae, Fungi, Bryophytes, Pteridophytes and Gymnosperms, Microbiology and Pathology, Anatomy, Plant Breeding, Genetics and Evolution	17UBYA2P	Entrepreneurship: Develop the knowledge and skill on identification of plant diversity, plant cell types, plant disease, plant breeding techniques and understanding genetics problems and evolution.	2017-18
Taxonomy of Angiosperms, Embryology, Horticulture, Medicinal Plants and Economic Botany, Plant Physiology, Forestry, Environmental Biology, Applied Botany and Biodiversity	17UBYA4P	Entrepreneurship: Attain knowledge of various Horticulture techniques, plant identification, medicinal value of various plant and methods to overcome environmental issues.	2017-18

Biology of Invertebrates, Chordates & Paleontology	17PZYC11	Skill development: Acquisition of detailed knowledge on the animals of various phylum and the evolutionary relationship and evidences	2017-18
Genetics	17PZYC12	Skill development: To acquire knowledge on various hypothesis and analytical calculations in gene inheritance	2017-18
Cell & Molecular Biology	17PZYC13	Skill Development: Students will acquire the skill of analyzing different cellular mechanism that lead to application oriented thinking	2017-18
Biotechnology	17PZYE11	Skill development: Knowledge on various techniques involved in the synthesis of biologically manipulated materials	2017-18
Stem Cell Biology	17PZYE12	Skill development: Acquire knowledge on properties, types, culture and clinical oriented procedures & applications in stem cell therapy	2017-18
Microbiology& Immunology	17PZYC21	Skill development: Attain knowledge on handling, culture and diagnostic methods of various microbes and immunodiagnostic procedures	2017-18
Animal Physiology	17PZYC22	Skill development: Attain knowledge on important systems and related physiology in animals	2017-18
Ecology & Biodiversity	17PZYC23	Skill development: Students are taught of different levels of biodiversity and various strategies for the conservation of biodiversity	2017-18
Vermi Technology	17PZYE21	Entrepreneurship: Field visits to vermicomposting units to learn principles and methods of vermiculture technology.	2017-18
Developmental Biology & Evolution	17PZYC31	Skill development: Concepts of embryo development and differentiation in connection with evolution	2017-18
Biochemistry & Biophysics	17PZYC32	Skill development: To Acquire knowledge on various biomolecules and analytical tools of human physiology	2017-18
Medical Lab Techniques	17PZYN31	Skill development: Analysis of biological samples and their interpretation/ Employability: Sample analysis job in clinical labs	2017-18
Biostatistics & Bioinformatics	17PZYE31	Skill development: Applying Statistical & Insilico tools in data analysis	2017-18

Cancer Biology	17PZYE32	Skill development: Acquire knowledge on properties, types and diagnostic methods of cancer cell	2017-18
General & Applied Entomology	17PZYC41	Employability: Acquire knowledge on various kinds of economically important insects and important pest varieties to work in the field of entomology	2017-18
Medical Parasitology	17PZYC42	Skill development: Acquire knowledge on pathogenicity, transmission and diagnostic methods of important pathogens which affect human race	2017-18
Clinical Lab Techniques	17PZYE41	Skill development: Analysis of biological samples and their interpretation/ Employability: Sample analysis job in clinical labs	2017-18
Aquaculture & Farm Management	17PZYE42	Employability: Acquire knowledge on various kinds of economically important insects and important pest varieties to work in field of entomology	2017-18
Linux Shell Programming Lab	14UCSS3P	Employability: Running a shell script is equivalent to typing the commands within it at the shell prompt	2015-16
Computer System Architecture	17UCSE52	Employability: Depict students to grab the opportunities on Mobile APP Development	2017-18
Advanced JAVA Programming Lab	17UCSC5Q	Employability: After completing Advanced Java Lab students will be able to develop program in Java for following applications Java Data Base Connectivity	2017-18
Data Structures Lab	17UCSC6R	Skill development: This laboratory course enables students to get practical experience in design, development, implementation, analysis and evaluation/testing of Asymptotic performance of algorithm	2017-18
Mobile Computing	17PCSC31	Employability : Prepare learner to develop system and Application level software	2017-18
Neural Networks	17PCSE12	Employability : Formalize the problems to solve it by using Neural Networks	2017-18
Security in Computing	17PCSE32	Employability : Provides Confidentiality, Integrity, Availability and non – repudiation.	2017-18
Android Programming Lab	17PCSC3Q	Skill development : Enhances rich Android applications	2017-18

Software Project management	17PCSC41	Employability : Exposure for organizing and managing a software project	2017-18
Company Law	17UCRC22	Employability: Acquire the knowledge on procedures to start a company	2017-18
Business law I	17UCRC34	Employability: To know business legislations regarding contract	2017-18
Investment Management	17UCRC54	Employability: Acquire the knowledge on procedures to start a company	2017-18
Principles of Management	17UCRE51	Employability: Equip important principles to manage all affairs	2017-18
Banking Technology	17UCRC64	Employability: To know business legislations regarding contract	2017-18
Business Environment	17UCRC65	Entrepreneurship: Provides securities in market dealings in the business	2017-18
Data Analysis for Researcher	17PCRC32	Skill Development: Get knowledge on analysis of data for research Work	2017-18
Human Resource Development and Practices	17PCRN31	Employability: Enable the students to learn the management practices on Human Resource in institutions.	2017-18
Indirect Taxes and Practices	17PCRC41	Employability: Enhances the skills in taxation to become a Tax Assistant	2017-18
Functional Management Decision	17MCRE11	Employability: Analyzing and using research techniques in marketing, financial management, Human Resource Development.	2017-18
Consumer Behaviour	14UBAC62	Employability: To study consumer behaviour and assume that the consumers are actors in market place. The perspective of roll theory assumes that consumers play various roles in the market price.	2015-16
Retail Marketing and Management	14UBAE61	Entrepreneurship: The board studies matter of Micro economics in making decisions on the allocation of limited resources available with individual firms and organisations. Typically it applies to the market where goods and services are bought and sold with goal of maximizing benefits.	2015-16
Interview Procedure	14UBAS61	Employability: Skilled self-motivation and the ability to motivate others' ability to solve problems.	2015-16

Group Discussion Skill	14UBAS62	Skill development :Group Discussion assesses the overall personality thoughts, feelings and behaviour of an individual in a group.	2015-16
Total Quality Management	17UBA63	Employability: Equip important principles to manage all affairs	2017-18
Strategic Management	17UBAC55	Employability: Understand the different types of Insurance and of being an insurance agent.	2017-18
Enterprise Resource Planning	17UBAC64	Employability: Enterprise resource planning is the latest high end solution that information technology lends to business application	2017-18
Business Organisation & Environment	14UCBC11	Employability: Able to learn the environment of business.	2015-16
Financial Accounting I	14UCBC12	Employability: Learn the fundamentals of accounting.	2015-16
Reserve Banking System in India	14UCBN11	Employability: Able to learn the functions of RBI and its structure	2015-16
Financial Accounting II	14UCBC22	Employability: Ability to learn the accounts	2015-16
Research Methodology	14UCBC52	Employability: Acquire knowledge on research files and thesis writing and to explore the data ON Design analysis	2015-16
Banking Practices	17UCBN21	Skill development: To learn the business dealings using banking transactions	2017-18
Marketing Management	17UCBC31	Employability: Ability to learn the concept of marketing and its dimensions.	2017-18
Financial Accounting III	17UCBC33	Employability: Ability to learn the partnership Account	2017-18
MS-Office	17UCBS31	Employability: Understand the different types of marketing practices	2017-18
Income Tax Law and Practice I	17UCBC51	Employability: Learn the fundamentals of accounting	2017-18
Human Resource Management	17UCBC54	Entrepreneurship: Learn fundamentals of M S Office	2017-18
Income Tax Law and Practice II	17UCBC61	Employability: Enhances the skills in taxation to become a Tax Assistant	2017-18
International Trade	17UCBC65	Employability: Enhances the skills of the students to deal with the employees and become a HR Personnel.	2017-18
Customer Relationship Management	17UCBS41	Employability: Enhances the skills in taxation to become a Tax Assistant	2017-18
E-Commerce and E- Banking	17UCBC64	Employability: Able to learn E-banking and E-Business	2017-18

Embedded Systems	14UCTE53	Employability : Knowledge to design and develop embedded solutions design etc.	2015-16
Multimedia Lab	14UCTS4P	Skill development : Enhances image editing , Photo retouching ,Web	2015-16
Dot Net Programming Lab	14UCTC6P	Employability : knowledge in Net framework and web applications	2015-16
Office Automation Lab	17UCTS2P	Employability: Students will acquire knowledge on utilizing appropriate techniques in clinical diagnostics	2017-18
Statistics and Aptitude	17UCTA41	Employability: Acquire knowledge to develop microbiological techniques	2017-18
Mobile Application Development Lab	17UCTS4P	Skill development: Manipulation and storage of data.	2017-18
Information Security	17UCTE52	Employability : Prepare learner to provide methods of organizing and simplifying data.	2017-18
Python Lab	17UCTS5P	Skill development : Enhances mobile programming that make it unique from programming for other platform	2017-18
Data Mining	17UCTC63	Employability : Ensuring confidentiality , integrity and availability of computer information	2017-18
Grid Computing	17UCTE63	Skill development : Prepare learner for python looping , control statements and string manipulations.	2017-18
Aluvazhaga Melaanmai	17UCAL21	Skill Development: Gain knowledge on administration and functions of an office	2017-18
Programming in C	17UCAC22	Employability: Gain basic knowledge on C language	2017-18
Programming in C- Lab	17UCAC2P	Employability: Get special knowledge on C language to solve business problems	2017-18
Database Management System	17UCAC32	Employability: Acquire the basic skills on Data Base Management Systems	2017-18
Database Management System- Lab	17UCAC3P	Employability: Able to solve business problems through the usage of DBMS	2017-18
Human Resource Management	17UCAC34	Employability: Enhances the skills of the students to deal with the employees and become a HR Personnel	2017-18

Partnership Accounts	17UCAC43	Employability: Able to prepare books of accounts for Partnership firms.	2017-18
Commerce Practical	17UCAS41	Skill development: Gain knowledge on filling up various forms and e payment	2017-18
Internet and Web Design	17UCAC53	Skill development: The ability to create webpage and internet knowledge	2017-18
Internet and Web Design-Lab	17UCAC5P	Skill development: To develop the webpage with various features	2017-18
Entrepreneurial Development	17UCAE51	Skill development: To become an Entrepreneurial to start a new venture(MSME)	2017-18
Corporate Accounting II	17UCAC64	Skill development: To get the knowledge on holding company, banking company and insurance company accounts	2017-18
Multimedia Lab	17UCAS51	Skill development: To learn multimedia and photoshop tools	2017-18
Customer Relationship Management	17UCAE61	Skill development: To build customer relationships by learning customer behaviour	2017-18
Computer Applications in Business-Lab	17PCAC1P	Skill development: Gain the practical knowledge on Computer Concepts and Operating system Network Concepts	2017-18
Computer Applications in Business	17PCAC13	Skill development: Gain the knowledge on Computer Concepts and Operating system, Network Concepts	2017-18
Financial Management	17PCAC22	Employability: To learn in parts concepts of accounting for preparing budgets and act as accountant	2017-18
Applied Operation Research	17PCAE11	Skill development: To gain various resource Management Techniques	2017-18
Web Programming	17PCAC23	Employability: Gain basic knowledge on Internet and Web Design	2017-18
Advanced Business Statistics	17PCAE21	Employability: Gain practical knowledge on Internet and Web Design	2017-18
Web Programming- Lab	17PCAC2P	Employability: Gain practical knowledge on Internet and Web Design	2017-18
Advanced Corporate Accounting	17PCAC31	Skill development: To develop the skill of learners in preparing accounts of Banking, Insurance and Holding Companies	2017-18
Programming in C++ Lab	17PCAC3P	Employability: Get special knowledge on C++ language to solve business problems	2017-18

Programming in C++	17PCAC32	Employability: Gain basic knowledge on C ++language	2017-18
E-business Application	17PCAC43	Skill development: Acquire the knowledge about E-commerce working models and recent technologies	2017-18
Customer Relationship management	17PCAC42	Skill development: To build customer relationships by learning customer behaviour	2017-18
Indirect Taxes	17PCAE41	Employability: To make students familiarize with laws regarding Central Excise and GST	2017-18
Medical Lab Technology	14UMBS21	Employability: Employment opportunities in clinical Laboratories.	2015-16
Dairy Technology	17UMBS21	Skill development: Processing of milk and milk products.	2015-16
Industrial & Food Microbiology	17UMBC62	Entrepreneurship: Knowledge about industrially important Micro organisms.	2017-18
Biopolymers	17UBCC11	Skill development: Knowledge on the classification, structure, organization, properties & functions of Biomolecules	2017-18
Vermicomposting & Mushroom Technology	17UBCS51	Entrepreneurship: Students will be exposed with different Species of mushroom cultivation, harvesting, preservation for making business options	2017-18
Human Health & Nutrition	17UBCN11	Skill development: Knowledge on the classification, structure, organization, properties & functions of Biomolecules	2017-18
Qualitative Analysis of Biopolymers	17UBCC2P	Entrepreneurship: Students will be exposed with different species of mushroom cultivation, harvesting, preservation for making business options	2017-18
Enzymes & Enzyme Technology	17UBCC31	Employability: Awareness on the importance of health & Hygiene	2017-18
Biometabolism	17UBCC41	Skill development: For analysis of carbohydrates, amino acids, protein & lipids	2017-18
Quantitative analysis of Bio- organic compounds	17UBCC4P	Skill development: Students acquire knowledge about classification of enzymes, inhibition and applications	2017-18
Microbiology & Immunology	17UBCC51	Skill development: Students are taught about biochemical pathways and analysis of different biomolecules	2017-18
Clinical Biochemistry	17UBCC6P	Skill development: To Estimate the carbohydrate, amino acids, protein & lipid	2017-18

Microbiology	17UBCC6Q	Skill development: Acquire knowledge about microbes, diagnosis and prevention of infectious diseases & immuno diagnostics techniques	2017-18
Prose I	16UARC11	Skill development: Understand different styles of Arabic Prose	2016-17
Grammar I	16UARC12	Employability: Accountants with Arabic knowledge to work as Camp bosses or Office assistants in Arab countries	2016-17
Arabic based Computer skills I	16UARA11	Employability: Arabic DTP, Data entry operators in Software and Publishing companies	2016-17
Prose II	16UARC21	Skill development: Gain the knowledge of literary styles of contemporary authors	2016-17
Grammar II	16UARC22	Skill development: Gain knowledge of simple grammar rules	2016-17
Arabic based Computer skills II	16UARP21	Employability: Staff in Arab Embassies and High Commissions in India. Office secretaries and Personal assistants abroad.	2016-17
Prose III	16UARC31	Skill development: Application of grammar rules to explain constructions in Prose passages	2016-17
Grammar III	16UARC32	Skill development: Understand the special syntax features of Modern Standard Arabic	2016-17
Sirath Literature III	16UARC33	Skill development: Knowledge of Biography of Prophets for inspiration and language development	2016-17
